Second Saturday Divorce Workshop

The first 2016 Second Saturday Divorce Workshop: What Everyone Needs to Know about Divorce is scheduled for January 9, 2016. The month of January has the highest number of divorces, and every year, nearly 2.8 million men and women go through the emotional and financial trauma of divorce. In the first year following divorce, studies show that the former wife's standard of living may drop as much as 27 %.

Second Saturday provides non-biased financial, emotional and legal advice from highly qualified local professionals to help people move through the divorce process and forward to build a new life.
